**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential customer of Sonic.net, a smaller internet provider that gives much better service than what I can get from big business internet providers.

When I was a customer of ATT, I received much slower speeds, endured terrible, offshore customer service, and was charged higher prices (about 30% higher at the time.)

I implore you to keep competition among all Internet providers, large and small, alive. We need the competition in order to ensure all companies are motivated to deliver the best quality of service to their customers at reasonable prices.
